"The Power of Growing Together"

As we enter a new quarter, I'm excited to share that this is truly a milestone year for our credit union. Thanks to your continued trust and support, we are experiencing strong, steady growth, and we're putting that growth into working for you.

One of the most exciting developments ahead is our expansion into the North Stonewall area. We are in the process of building a brand-new, full-service branch in Stonewall, Louisiana. This new location represents more than just bricks and mortar—it reflects our long-term commitment to better serve our members, improve accessibility, and invest in the communities we call home.

Our decision to expand is driven by you—our members. As our membership grows and your financial needs evolve, we are focused on ensuring that we remain accessible, responsive, and positioned to provide the personalized service you expect.

The Stonewall branch will allow us to reach more members, support local economic growth, and continue building meaningful relationships in DeSoto Parish and beyond. cont. pg. 2

As we take this step forward, we are reminded of the importance of thoughtful planning and steady growth. "For which of you, intending to build a tower, does not sit down first and count the cost?" (Luke 14:28). This project reflects careful stewardship and a commitment to building wisely for the future. At the same time, we are encouraged by the promise that "The plans of the diligent lead surely to abundance" (Proverbs 21:5), a principle that continues to guide our efforts.

While this expansion is a major step forward, it is just one part of a broader vision. In the coming year, you can expect continued enhancements to our services, thoughtful investments in technology, and a strong focus on delivering value at every touchpoint. We are committed to growing responsibly while maintaining the financial strength and stability that you depend on.

This is an exciting time for our credit union. Our foundation is strong, our vision is clear, and our future is bright. Thank you for being part of our journey! We look forward to growing together in the year ahead.

Employees and Members of POE Federal Credit Union will call you, email you, or message you via text & Facebook messenger asking for personal information.

Several members have called stating they have received calls and messages from someone representing POE and not their card vendor. These calls and texts are FRAUDULENT and not supported by POE. Please stay vigilant and aware so you do not become a victim to fraud. If you are not sure, hang up and call the credit union, 8000. If it was truly the credit union, we will take care of you.
